

Talent Era: Achieving a High Return on Talent

Talent is the true engine of the next economy. Talented people aren't simply knowledge workers; they're free agents, capable of bringing enormous value to the organizations they are part of. Organizations that want to maximize the value of talent need to act in radically new ways. In this book, world-renowned quality strategist Subir Chowdhury presents a powerful new blueprint for recognizing talent, rewarding it, & making the most of it. He reveals the 7 key secrets of talent, then shows managers exactly how to measure Return on Talent (ROT) -- & exactly how to enhance it. He also shows talented individuals exactly how to maximize their own talents -- & maximize the rewards those talents can earn.
