

Wild At Heart: BBW Paranormal Shape Shifter Romance (Band Of Wolves Series Book 2)

Liam has been obsessed with the curvy Madeline for years. She's far from your ordinary woman. Not only is she a mobster's daughter, she's the best thing that ever happened to Liam. The only thing worth remembering since his return from war. Forced to keep his distance, he struggles with the constant reminder that she was the one that got away. That is until he discovers that she is the mark of a hit, and he needs to move quickly before it's too late. There's just one complication: He's the man responsible for taking her out. Note To Readers: Band Of Wolves is a standalone series where every book offers one complete story. There are cross-over characters in every book, but no cliffhangers. It also doesn't matter in which order you read the books. Enjoy!
