

The Financial Blueprint: A Young Adults Guide to Planning for Financial Success in 5 Days or Less

You wont reach your financial goals if you dont do this What do you want your life to look like in one year? Ten years? Twenty five years? Where do you see yourself living? What will you have accomplished? Money runs our lives. And its not going anywhere soon. In order to get where you want to go, you need money. If you plan on winning the lottery good luck. For everyone else out there, you need a plan. You need a clear vision. You need to create a financial blueprint. A financial blueprint is a necessity to help you build the life of your dreams. You need money to live out your dreams. Thats a fact. How the education system failed you If you have poor money management skills, its not entirely your fault. The public education system has let us all down. Most states dont require students to take personal finance classes. Personal finance classes for most millennials growing up were few and far between. Most of us learned about money from our parents. We never built that strong foundation, and the statistics show that. The education system has let us down and the results are disturbing. You have a chance to reverse the damage. Whats your story? We all have different dreams. Different backgrounds. And different stories. Your goals are different from mine. Maybe you just want to get out of credit card debt. Or maybe you want to retire at the age of 40. I dont know what your goals are. But I do know one thing: your chances of accomplishing your goals are infinitely higher when you have a financial blueprint in place. Blueprint for success You financial blueprint will make overwhelming goals easy and bite sized. You will realize that you can have your cake and eat it too. In this book you learn how to accomplish your financial goals. Even those goals that seem impossible are possible with a plan in place. In this book, you learn how to: Design your financial blueprint Make your dreams a reality by

setting the right goals Save time and energy by focusing on goals that matter Live the life you want to live Create a savings plan How one man accumulated half a million dollars while never making more than \$20,000 in income!
