The series with more than a million books sold! When Madison Wells lands the job to become Barbara Blackwells personal assistant at Wenn Enterprises, she thinks she knows what shes getting herself into. After all, Madison is no fool. Armed with her MBA, she has done her research. And shes read about Blackwells brutal reputation as a hardcore perfectionist. But reading about a womanand actually working for the woman in question on a daily basisare two very different things, indeed, which Madison soon finds out in ways that are equal parts harrowing, humiliating, and hilarious. With a swiftness that startles, Blackwell tests Madisons mettle by dishing out a bevy of whimsand also by hammering her with an overwhelming amount of work. Can Madison handle the heat? Moreover, will she be able to prove to Blackwell that she should be given the chance to rise up through the ranks at Wenn, which is her ultimate goal? All of that comes into question when Madison meets Wens newest employee Brock Wenn, the sexy, gorgeous-looking cousin of Wens CEO Alexander Wenn. The moment they meet, the electricity that sizzles between them is instant and undeniable, so much so that Madisons ability to focus on her job starts to waver, something Blackwell notices at onceand simply wont have. The flames of desire run high and hot in Ignite Me, the newest, stand-alone installment in Christina Ross hugely popular and best-selling Annihilate Me series.
