

Artists Authors Thinkers Directors

This book collects Paul Hornschemeier's sketchbook portraits of those who shaped his (and many others) artistic views, culled from his drawing blog *The Daily Forlorn* spotlighted by Tumblr ? which adds thousands of new followers every week. A self-portrait through one hundred portraits, *Artists Authors Thinkers Directors* explores cartoonist Paul Hornschemeier's sketchbook renderings of those who shaped his (and many others) artistic views. Culled from his drawing blog ? *The Daily Forlorn*, now one of Tumblr's featured illustration blogs, adding thousands of new followers every week ? these portraits are as stylistically varied as the subjects they portray. A scrawled, single line drawing of Lenny Bruce shares space with a triangular Werner Heisenberg. A monochromatic, stippled Stanley Kubrick stares intently at a muppet-headed Frank Oz. Each turn of the page offers a new take on a familiar face. In the afterword, Hornschemeier includes brief notes on each portrait and that creator's particular work or insight that spoke specifically to him. And in that specificity, much of what is universally affecting in each creator shines through. Hornschemeier's graphic novels hop from one aesthetic to the next, varying the line and color quality to depict his narratives' mood. He plays with the language of comics. In these portraits we can clearly see him hard at experimentation, adding to his vocabulary. Full-color throughout.
