

How to Write Like Tolstoy: A Journey into the Minds of Our Greatest Writers

For anyone who has ever identified with a hero or heroine, been seduced by a strong opening sentence, or been powerfully moved by a story's end, *How to Write Like Tolstoy* is a thought-provoking journey inside the minds of the world's most accomplished storytellers, from Shakespeare to Stephen King. I have tried, as far as possible using the words of the authors themselves, to explain their craft, aiming to take readers on a journey into the concerns, techniques, tricks, flaws, and, occasionally, obsessions of our most luminous writers.

from the Preface Behind every acclaimed work of literature is a trove of heartfelt decisions. The best authors put painstaking, sometimes obsessive effort into each element of their stories, from plot and character development to dialogue and point of view. What made Nabokov choose the name *Lolita*? Why did Fitzgerald use first-person narration in *The Great Gatsby*? How did Kerouac, who raged against revision, finally come to revise *On the Road*? Veteran editor and teacher Richard Cohen draws on his vast reservoir of a lifetime's reading and his insight into what makes good prose soar. Here are Gabriel Garcia Marquez's thoughts on how to start a novel (In the first paragraph you solve most of the problems with your book); Virginia Woolf offering her definition of style (It is all rhythm. Once you get that, you can't use the wrong words); and Vladimir Nabokov on the nature of fiction (All great novels are great fairy tales). Cohen has researched the published works and private utterances of our greatest authors to discover the elements that made their prose memorable. The result is a unique exploration of the act and art of writing that enriches our experience of reading both the classics and the best modern fiction. Evoking the marvelous, the famous, and the irreverent, he reveals the challenges that even the greatest writers faced and shows us how

they surmounted them. Praise for How to Write Like TolstoyThe highest compliment one can pay How to Write Like Tolstoy is that it provokes an overwhelming urge to read and write, to be in dialogue or even doomed competition with the greatest creative minds That Mr. Cohen is an editor, that his love of literature comes in large part from awe in the presence of better writers than he, is no small matter. His love is infectious, and regardless of how well he ends up teaching us to write, that is miracle enough.Wall Street Journal This book is a wry, critical friend to both writer and reader.
