

BP Tankers: A Group Fleet History

This massive new reference work is the first comprehensive, authoritative and detailed fleet history of one of the worlds major international oil transportation companies. It is lavishly illustrated with over 500 photographs and supported by an army of documents relevant to specific tankers. The book begins with a brief group history and includes a chronology describing fleet developments from the early purchase of second-hand tonnage with the formation of the company. The first BP-owned oil tanker was the British Emperor, acquired in 1916, and the story continues to the rise of the giant behemoths of the 1990s and the new-builds at the start of this century. The books core is the fleet list which includes specifications and histories of every ship owned by the British Tanker Company and BP Shipping, and all their associates. It includes subsidiary craft such as tugs, barges and support ships, and more than 1,000 vessels are examined in detail. There are photographs of every class of vessel along with plans showing stowage arrangements. This book is a marathon achievement and befits a company that has carried oil from every corner of the globe. It will prove to be an essential reference work for maritime researchers, professionals in oil companies and all the supporting industries, and ship enthusiasts around the world.

The author is Ray Solly, who with Bill Harvey produced the excellent BP Tankers: A Group Fleet History. Attached are a couple of quick snaps 15.09.1965 Transferred to the BP Tyne Tanker Company Ltd. . ships Id recommend BP Tankers: A Group Fleet History by Harvey and Solly.
