

# Doing Business with Germany (Global Market Briefings Series)

This third edition of *Doing Business with Germany* analyses the success that Germany has had in creating a new, less regulated, entrepreneurial, business environment. Germany emerged as the undoubted centre of the vast Euro-zone economy, making Germany, with its high-quality skills base, strong consumer markets and sophisticated business support services, more attractive than ever as a trading partner or a base for European business expansion. The guide examines legal, finance, tax and accounting regulations and practice, as well as the various incentives which aim to attract investors.
