

From Your Grandfather: A Gift of Memory for My Grandchild (AARP®)

Grandfathers connect us to the past and give us the wisdom we need to face the future. That's why this artfully designed keepsake offers grandfathers their own special vehicle for sharing their lives with the youngest generation. The contemporary styling and irresistible format featuring helpful questions written from the grandchild's perspective make it wonderfully easy to explore family history. There's space to mention favorite relatives, jot down beloved stories, and pass on the important lessons that Grandfather learned from his parents and grandparents. He can recount details of his childhood and teen years; reminisce about how he met Grandma; and reflect on his own experiences with fatherhood. Because the grandchild is also the star, there are questions to inspire Grandfather to remember when he first saw his grandchild, reveal what he likes best about being a grandparent, and relate how being a grandparent has changed who he is as a person. And of course, this essential volume has plenty of room to paste in precious photos and mementos.
