The answer to the first question is a no-brainer. The Mafia killed Jimmy Hoffa - plain and simple. But the why is much more complicated. Jimmy Hoffa and his nefarious union activities were joined at the hip with the Mafia since the mid-1930s. Hoffa was their fair-haired boy who delivered for the Mafia in more ways than one. Even before he became President of the International Brotherhood of Teamsters (IBT), Hoffa used his influence with the IBT to provide several Mafia bosses, including Tampas Santo Trafficante, Louisianas Carlo Marcello, and Detroit's Anthony Tony Jack Giacalone, hundreds of millions of dollar in unsecured loans from the Teamster Pension Fund. Those loans were used to fund numerous hotels/casinos and other businesses in various parts of North America including Cuba, the Dominican Republic, and in Las Vegas. In truth, half the hotels/casinos in Las Vegas would never have never been built without the financial support of Hoffas IBT. Unfortunately for Hoffa, his brusque and dictatorial ways eventually made him unpalatable for the Mafia bosses, who were used to being treated with the utmost

respect. The Mafiosos nickname for Hoffa was Marteduzzo, which is Sicilian for The Little Hammer, because he ruthlessly hammered away at anyone who displeased him, or got in his way on his rise to power. But as Hoffa's disrespect for the Mafia bosses increased, the Little Hammer, inevitably transformed himself into the lowly nail destined to be banged into oblivion.
