

Outwitting the Wolf: A Romantic Comedy Adventure (The Comedy, Conflict and Romance Series Book 2)

After a trying experience with Devin Wolfe, Keira Hana is not looking forward to working with him again. Tell that to her boss. Ignoring her pleas, he assigns her to go on an expedition to the jungles of Peru with a man who makes her blood boil. She can't wait to get as far away from him as she possibly can. But when danger rears its ugly head, driving her into his arms, she realizes that Devin is a man she can actually grow to like or more. It's a pity she ends up having to use her wits to teach him a much needed lesson. When Devin is presented with an opportunity to work with Keira again, he jumps at the chance. There's just something about this woman that intrigues him. He can't wait to explore the jungles of Peru with her. But there's just one challenge he must face—the fact that she can't stand a bone in his body. He works hard to win her over but just when he thinks they're on the same page she uses her wits against him, deceiving him in the worst way. Can he ever forgive her? In a battle of wits where there can only be one winner, will love prevail?
