

# Robonomics: Prepare Today for the Jobless Economy of Tomorrow

Are you prepared for the coming jobless economy? Robonomics describes the coming Automation Revolution and details how artificial intelligence and smart robots will change our economy, our society, and our lives. When jobs are robo-sourced, how will you make a living when you can no longer trade your labor for money? How will the government deal with mass unemployment and loss of revenue? How will you cope with hyper-deflation? Robonomics details where to invest and when to take advantage of advanced automation technologies, weather the coming Great Deflation, and maximize investment returns during and after the Automation Revolution. All will survive the Automation Revolution; the prepared will thrive. Be prepared with Robonomics.
