

THE MAN WHO KILLED SANTA CLAUS: A LOVE STORY

A beautiful but mysterious emergency room nurse meets a dark-souled obituary writer under the craziest of circumstances, just as the 1986 Christmas season is getting under way in New York's Greenwich Village. Together they take a wild journey through a series of holiday disasters, culminating in the murder of Santa Claus himself - tabloid newspaper style. The nurse is a healer who can save everybody but herself. The obituary writer has just about written himself off, until this remarkable woman comes into his life and lifts the shadow from his soul. It's a love story for all seasons - especially the Yuletide season.
