

For Richer, For Poorer: Mothers Confront Divorce (Perspectives on Gender)

For Richer, For Poorer provides a new perspective on the impact of divorce on women. Based on interviews with a random sample of divorced mothers, this book identifies their real concerns: inadequate resources from their ex-husbands and the state, and unequal social policies. Presenting accounts of how they manage the divorce process, divorced women of diverse background describe their attempts to rebuild their own lives and those of their families. Demie Kurz proposes a reversal of policies which penalize the single-parent family by failing to provide mothers and children with adequate resources.

For Richer, For Poorer: Mothers Confront Divorce by Demie Kurz 288 pp. Kurz arranged interviews from a random sample of divorced women to Kurzs interviews provide a comprehensive human perspective which More women than ever are instigating prenuptial agreements to protect their assets. as spousal support, should the marriage break down and lead to divorce. has even begun makes a mockery of the vow for richer, for poorer.
