

Acquiring Property: How to decide on the best fit for you (The Property Apprentice Book 5)

Investing into property (if done correctly) has been proven to be the BEST investments in the long run. While property investments can potentially bring you capital appreciation and/or cash flow, there are some inherent risks which are crucial to understand and manage. Many investors fail to do that and face potential losses. Learn from property investment trainer and author of The Property Apprentice, Mr Jochen Siepmann, in this powerful eBook: -What is risk and why it is important for you to manage it -How to understand which specific risks you are facing when investing into property -Identify which risk response strategies are available to you and how to use them -What is the most effective way to mitigate your risks -How to enhance your returns by reducing risks
