Adamantly opposed to commercial whaling, Miranda happily trades her fin for human legs when she's given the opportunity to work as a maid for a man in charge of public relations for a large Japanese whaling firm. Miranda soon finds out that she loves pedicures, favors bikinis over clamshells, and that she's a natural disaster when it comes to human housework. There's so much about the human world she doesn't understand. Why does Justin Lockheed, her handsome boss, make her heart race and her knees weak? And just what is she supposed to do when it comes time to choose between advancing her cause and destroying his career?
