

Loose-leaf Version for Technical Communication (Budget Books)

Through clear advice and an accessible visual design, Mike Markel's *Technical Communication* models the principles it teaches, offering practical strategies that students can put to use right away. Using a student-friendly voice, Mike Markel shows writers how to tackle the major types of documents and writing situations they will encounter in their professional lives. Excellent and always fresh sample documents and examples demonstrate effective techniques and offer plenty of opportunities for analysis, while interactive cases provide engaging scenarios for writing practice. The new edition incorporates the latest workplace and technology trends, offering new advice for how and why to use social media effectively in technical communication.
