

# Profit In Pajamas: The only book that makes stock investing fun and easy.

This book is the beginning of your investment and trading education. You will learn how to take control of your finances as you journey towards financial freedom with Peter and Patty, an average young couple featured in this book. If you do nothing, your money does nothing. If you do a little, like put your money into a mutual fund, your money does little. If you do a lot, like buy a stock and then sell it, your money does a lot. Shockingly, the time it takes to do a lot isn't much different than the time to do a little. Allen Maxwell has written Stock and FOREX trading software for highly successful traders. He brings heart, caring and over 20 years of in the trenches testing strategies and indicators. His stock Options courses on Udemy.com have thousands of happy students following his proven formulae. John Nielson is an author and a top manager at a software company.
