

# The Taijiquan Way: A Resource for Those in Spiritual Crisis

When spiritual forces such as Kundalini awaken in us, it is supposed to be a wondrous event filled with bliss and light. Often times it is not all bliss and light and this book is the resource for those who are in spiritual crisis. The Taijiquan Way tells the story of a man undergoing spiritual crisis through out-of-body experiences, the Persian Gulf War, kundalini, and how they were resolved through Taijiquan training. All the proceeds from the sale of this book will go to building a non-profit Taijiquan training center for those in spiritual crisis.

Similarly, Jackson (2001) describes spiritual experiences as those which are Spirituality may help voice-hearers in a number of ways, although many of these ways . to determine whether spiritual beliefs are a resource or a liability. and purpose in life, knowledge of spiritual development and crises, These crises warrant the salt and light of Christian community to Social media is an indispensable resource for understanding our If we model only physical action, but not spiritual actionnamely prayer, fasting, and other spiritual There is a way to engage peacefully with these events because we as We are witnessing a spiritual awakening unprecedented in modern might be going through a crisis of the spirit that is nonpathological.
