

Health Continuum And Data Exchange In Belgium And In The Netherlands: Proceedings of Medical Informatics Congress (MIC 2004) & 5th Belgian e-Health ... in Health Technology and Informatics)

This book describes a follow up of research projects and the development of standards for e-Health in Belgium and in the Netherlands. This publication covers timely areas such as nursing and care process, the electronic patient record and knowledge bases, as well as ICT assessment. Both the MIC and the Belgium e-Health Conference share new trends in health informatics and present many timely ideas and practical proposals. They are directed to health care professionals who are leading the transformation of health care by using information and knowledge. A general introduction to the work of this Federal Commission in Belgium has been published in 2002, this 2002 volume, titles E-Health in Belgium and in the Netherlands appeared as volume 93 in the series Studies in Health Technology and Informatics. IOS Press is an international science, technical and medical publisher of high-quality books for academics, scientists, and professionals in all fields. Some of the areas we publish in:

- Biomedicine
- Oncology
- Artificial intelligence
- Databases and information systems
- Maritime engineering
- Nanotechnology
- Geoengineering
- All aspects of physics
- E-governance
- E-commerce
- The knowledge economy
- Urban studies
- Arms control
- Understanding and responding to terrorism
- Medical informatics
- Computer Sciences
