

Stepbrother Summer (A Stepbrother Romance Novel)

Ashley certainly isn't looking forward to summer vacation this year. Rather than having a home, she is stuck going to the beach house that her father is taking her stepmother to for vacation. The only problem is that it isn't their beach house. That was the beach house that her father bought with her mother before she died and since that tragedy in her life, Ashley had never gone back; until now. Tyler isn't too thrilled about the idea of having to spend his summer away from his friends either and resents his mother and stepfather for making him tag along on this stupid trip. He had plans for the summer, which would make him money via his strongest man competitions, but instead, he has to accompany his mother and stepfather on this lame vacation. Nonetheless, he is determined to have a good time, even if that means bending the roles of morality, as far as his stepsister is concerned. He thinks Ashley will be an easy catch, but when she rejects him, he makes it his personal mission to make her come begging. - Get this steamy stepbrother bad boy romance that's a standalone novel -
