

## A Very Bear Affair (BBWitches & Scorching Shifters)

This is a STANDALONE SHORT. This is NOT a full-length book. This short ends in a happily ever after with NO cliffhanger! Monica and Reed both know that their friends are crazy. Witches and Shifters are not supposed to mix. Thats even more true now that there is a war between the three clans. The shifters are tearing the town apart and the Coven is caught in the middle. What could Ashley and Callan be thinking? Theres no way theyll ever be able to get along. Theyre both planning to talk some sense into their friends, but they find something else instead: each other. Reed cant resist the fiery redheaded vixen and his bear certainly approves of the image of her bent over the pool table. Monica feels her magic respond to Reed instantly, but she still thinks the whole thing is insane. An ambush leaves the shifters in chaos and the witches fearing for their lives, but will Monica and Reed be able to come together to fight a common enemy? Or will their long-standing prejudices keep them from the best thing thats ever happened? This scorching hot short story is filled with fun-seeking heroines and the rugged Alpha shifters that cant get enough of their curves. Be prepared -- I dont leave out any of the dirty little details ;) Dont miss out on the rest of the BBWitches & Scorching Shifters stories!
