Meet the characters...Mary Beth Green, a semi-neurotic sexually-repressed do-gooder who owns a boarding house and operates an amateur group therapy; Doyle Stubb, a grocery-reading fortuneteller; a slimy hypnotist who calls himself Lonnie Jr. The Healer; the mysterious Jersey Guy; Mavis, the cook, an uneducated yet wise mountain woman; a breakdancing computer dude...who carry on as usual until one of them suspiciously dies. The Rapturous Rest boarding house becomes the scene for figuring out whodunit...and then some.
